Mr. Warden, it was a pleasure meeting you today. Thank you for allowing me to speak to you regarding my situation with my lawyers and thank you for notifying the marshals about my situation and informing them why I cannot participate in the court-appointed evaluations set up at the jail on November 11, 2020. In case you would like to send this statement to the marshals as well, I will sum up why I am protesting participating in this evaluation.

I do not trust my lawyers, and I have written letters to the judge explaining why the trust is gone. Despite me being sent to Washington to be observed over time and being found competent, my lawyers are pushing for a second evaluation, without cause. This resulted in this court-appointed ordered evaluation, to take place on November 11. The problem is my lawyers have insisted on using the psychologist of their choosing and let her to focus on the issues they want to. They are insisting on wasting resources and doing all they can to in an attempt to manipulate the results. What's troubling is, in Washington I was observed for more than a month and now my lawyers want to dispute those results by an evaluation that will only take place in one day. This is their attempt to skew the results and I refuse to participate in this. It is unjust.

Mr. Warden Vesa, thank you for notifying the marshals about this pressing matter and thank you again for affording me the opportunity to speak with you. It is much appreciated.
